FYI: Mt. Tech Library contact Kristi Carroll. The library obviously does not have all of our documents but a quick scan of the shelves indicated to me that they had the majority of the most important decision documents, dating back to the 80's. So, I will continue to coordinate with Kristi and supply the repository with the appropriate records.

Thanks,

Hi Nikia,

Thank you for coming to visit us today. It was very reassuring to hear that we are handling the Superfund documents appropriately. Attached you will find our Superfund Document Index. It's up to date through today (3/6/2019). Hopefully this will help with your decisions on what needs to be back logged into our catalog.

Thanks again,
Kristi
